PROFILE

Full-stack developer with a keen understanding of design, content writing, coding, debugging, testing, and website maintenance. Equipped with a diverse set of skills and an inquiring mind to further comprehend web and software development. Proficient in frameworks such as React, NestJS, and Express, programming languages such as HTML, CSS, JavaScript, TypeScript, Node.js, Python, Java, and SQL. I can efficiently apply my skillset to any project, working effectively as a team member, team leader, or independently, in various work environments.

WORK EXPERIENCE

Internship

Kingdom of Belgium Embassy in Zagreb
Zagreb, Croatia

05/2019 – 08/2019

- Performed market research, updated databases, conducted field research, and completed various business-related duties

Supply Administration and Operations Specialist

United States. Marine Corps
United States of America

12/2012 – 05/2018

- Supervised the execution and documentation of more than \$3.5 million in organizational expenditures
- Meticulously track purchasing orders in an Excel database, contributing to successful inspections and providing essential data to my supervisors for proper forecasting and budgeting
- Served as the advisor to the Supply Director on all of the organization's fiscal policies and procedures.
- Managed, assessed, and mentored a small group of enlisted U.S. Marine Corps personnel
- Facilitated, organized, and supplied critical resources during vital mission training, ensuring success.

ACHIEVEMENTS

Recipient of The Navy and Marine Corps Achievement Medal

United States. Marine Corps 03/2015

PROJECTS

Calendar App

2023

- Developed this app using React, TypeScript, Node.js, GraphQL, Apollo-server-express, Apollo Codegen, TypeGraphQL, MongoDB, and Redux

Traveling Jamaican

2022

- Built my personal blog website to document various aspects of my personal life using HTML, CSS, Node.js, Express, and MongoDB.

Island Apparel

2022

- Created an online Jamaican-inspired retail store that sells custom hats, shirts, and jackets using HTML, CSS/SCSS, JavaScript, TypeScript, React.js, Redux, and Firebase.
